

ELEVATE YOUR COMFORT

COVANA

YOUR KEY TO HAPPINESS

Born out of a desire to create a simpler, more pleasant, and more accessible spa experience, Covana brings you much more than a regular hot tub cover. In less than 30 seconds, your Covana cover can transform into a modern, luxurious gazebo or pergola, protecting you from bad weather and giving you the comfort and intimacy you need. Never again will you struggle with opening a heavy cover, or having to remove snow, ice and other debris; the Covana systems allow you to access your hot tub quickly and effortlessly. Designed to open and close at the turn of a key, your automated cover can be safely and fully locked, ensuring you control and peace of mind.

Made in Canada using resilient, high-quality materials, our products are designed to endure the most rigorous climates while saving you money on heating bills and maintenance products. The Covana systems' durability guarantees you a comfortable, hassle-free, year-round use of your hot tub.

Designed and built by the Canimex Group, Covana's unique automatization system is the result of a collaborative effort between several of our divisions and partners. Since its creation, Covana has evolved into a trusted brand thanks to its ability to bring safety, comfort, and elegance to your backyard.

ELEVATE YOUR EXPERIENCE

FULLY AUTOMATED

Less effort, more comfort. Your Covana cover can be raised and lowered at the turn of a key, eliminating any handling effort.

2 IN 1

Covana combines the benefits of a gazebo or pergola and a hot tub cover in just one innovative product, allowing you to make the most of your spa in all seasons.

ELEGANT

Luxurious, modern, quiet, Covana is the perfect addition to the hot tub of your dreams.

INTIMACY

The optional retractable shades give a pleasant feeling of intimacy and protect against the elements.

INNOVATIVE DESIGN

Our products give you the flexibility to transform your outdoor space. When open, they will complement your backyard; when closed, they will not obstruct your garden view.

ENERGY SAVING

Water-tight seal minimizes water evaporation therefore saving water, energy and maintenance products costs. Moreover, its above-industry standard insulation value makes it the most efficient cover on the market.

SAFETY

The Covana products fully cover your hot tub and safely lock, granting you full control on who accesses the spa and ensuring you complete peace of mind.

UNIVERSAL

The Covana products are compatible with most hot tub brands and sizes. Everything is intended to make your life easier.

STURDY

Durable, built-to-last design protects against both hot and cold harsh weather as well as harmful ultraviolet radiation.

DURABILITY

Your Covana cover will last as long as your spa, thanks to its aluminum structure, its rigid, seamless ABS thermoplastic hardtop and high efficiency fiber reinforced XPS core thermal element.
